SUPER WHEY

Super Whey is an advanced protein blend combined with amino acids, vitamins, and minerals that is used in order to work up to a maximum level of muscle performance. Giving your body the definition you want to obtain.

Available in Vanilla, Chocolate, and Strawberry.

Presentations in 2 Lbs, 3 Lbs, 5 Lbs, and 10 Lbs.

Supplement Facts	
Amount per Serving	% DV
Protein	100%
Branched Chain Amino Acids	100%
Glutamine	100%
Electrolytes	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

RECOUP PRO

Recoup Pro is a new and advanced sugar free formula. This product is based on a mixture of proteins with prolonged deliberation. It has been designed to work through out your organism for 12 hours from the time of intake.

Available in Vanilla, Chocolate, and Strawberry.

Presentations in 3 Lbs, and 5 Lbs.

Supplement Facts	
Amount per Serving	% DV
Protein	100%
Branched Chain Amino Acids	100%
Glutamine	100%
Electrolytes	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

ENDURANCE PRO

A combination of carbohydrates with proteins, amino acids, vitamins, and minerals. This complex is the best source of energy you will need to increase your performance during training.

Available in Vanilla, Chocolate, and Strawberry.

Presentations in 3 Lbs, and 5 Lbs.

Supplement Facts	
Amount per Serving	% DV
Carbohydrates	100%
Protein	100%
Branched Chain Amino Acids	100%
Glutamine	100%
Electrolytes	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

VOLUME PRO

Great-tasting formula designed for people who want to increase their muscle mass in a healthy way. Combining the best protein with complex and simple carbohydrates, we have created Volume Pro.

Available in Vanilla, Chocolate, and Strawberry.

Presentations in 3 Lbs, 5 Lbs, and 10 Lbs.

Supplement Facts	
Amount per Serving	% DV
Protein	100%
Branched Chain Amino Acids	100%
Glutamine	100%
Electrolytes	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

CREATINE

A dietary supplement that athletes and many bodybuilders use to increase intensity, performance, strength and have fuller looking muscles. Creatine increases lean mass and post workout muscle recovery. It helps to promote lean muscle mass. Creatine also increases muscle endurance capacity.

Supplement Facts	
Amount per Serving	% DV
Creatine Monohydrate	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

FAT BURNER

This is a Weight Loss product designed specifically for women. With a lower intensity formula, but just as effective in burning fat. The lemon testing flavor will delight you with no bad after taste.

Supplement Facts	
Amount per Serving	% DV
Green Tea Extract	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

SOY-ISO

Soy protein isolate is a dry powder food ingredient that has been separated or isolated from the other components of the soybean, making it 90 to 95 percent protein and nearly carbohydrate and fat-free.

Available in Vanilla, Chocolate, and Strawberry.

Presentations in 3 Lbs.

Supplement Facts	
Amount per Serving	% DV
Protein	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

L-CARNITINE

L-Carnitine is an amino acid produced by the body and used in extracting energy from fat in the metabolism.

L-Carnitine health benefits:

- Carnitine will give you an energy boost, and also helps you to convert body fat into fuel. This product elevates certain enzymes needed to metabolize sugars, starches, and other carbohydrates.
- Athletes can benefit from carnitine supplementation because it reduces the accumulation of lactic acid, which is responsible for muscle ache after an intense workout.
- Carnitine helps to prevent muscle atrophy. Anyone suffering from a severe degenerative disease, such as cancer or AIDS, may benefit from carnitine supplementation.

It has been suggested that taking 2 grams of carnitine per day for four weeks can cut the number of complications from heart attack, including engine (chest pain) and heart rhythm disturbances.

Abs are all the rage these days, and for good reason. Nothing perfects the human body like a mean set of trained abs, no doubt about it.

In order to obtain the muscular definition that you are looking for, you need to eliminate most of the fat that hides under skin and the natural striation of muscles which makes you look out of shape. You will observe a better definition as the separation between each fiber is deepened and the muscles start to grow.

Supplement Facts	
Amount per Serving	% DV
L-Carnitine	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

SUPER RIPPED

What really separates a well-trained physique from a hardcore bodybuilder physique is a hard, rippling midsection stacked with deeply-etched abs.

Abs are all the rage these days, and for good reason. Nothing perfects the human body like a mean set of trained abs, no doubt about it.

In order to obtain the muscular definition that you are looking for, you need to eliminate most of the fat that hides under skin and the natural striation of muscles which makes you look out of shape. You will observe a better definition as the separation between each fiber is deepened and the muscles start to grow.

Supplement Facts	
Amount per Serving	% DV
Protein	100%
Branched Chain Amino Acids	100%
Glutamine	100%
Electrolytes	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

L-GLUTAMINE

Research has shown Glutamine can help you produce growth hormone levels.

A study has shown that 2 grams of L-Glutamine daily can increase growth hormones by over 100%.

For bodybuilders, this is important since heavy workouts tend to greatly deplete Glutamine levels.

Glutamine is a primary energy source for your immune system.

But you didn't know that it can even cure ulcers! Studies have found that 10 grams of Glutamine a day had a 92% cure rate in 4 weeks.

Are you supplementing L-Glutamine? If not, maybe you should consider it after reading the following benefits:

- Is the most important component of muscle protein, and helps repair and build muscle.

Supplement Facts	
Amount per Serving	% DV
L-Glutamine	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.	

JOINT SUPPORT

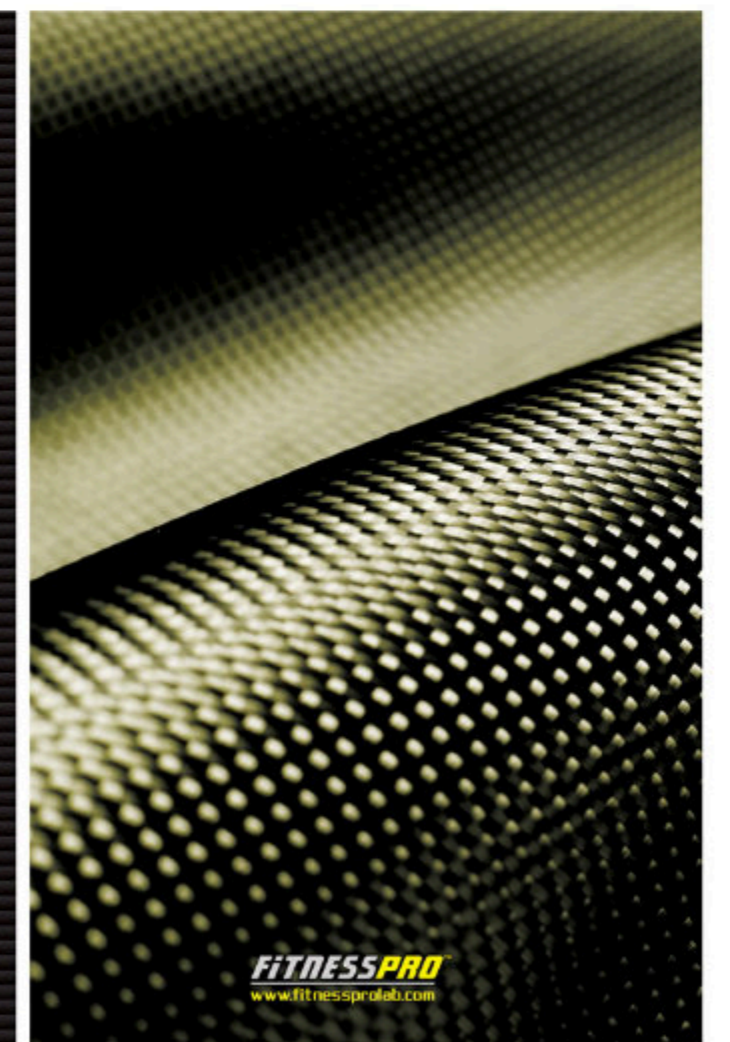

This new strength formula made with Glucosamine Sulfate, Chondroitin Sulfate, MSM (Methyl Sulfonyl Methane), and Collagen helps to protect joints and support post-workout recovery.

Joint Support strengthens cartilage, maintain joint flexibility and comfort. It also protects against wear and tear from aging.

Scientific studies indicate that Glucosamine provides improvement of the building blocks for supporting cartilage, chondroitin helps to maintain joint cartilage. MSM is an organic source of sulfur and synergistically enhances the benefits of Glucosamine and Chondroitin to support cartilage health.

Collagen is the main component of cartilage, ligaments, tendons and is the main protein in the formation of bones and teeth. It is found in all the support tissues of the body.

Supplement Facts	
Amount per Serving	% DV
Glucosamine Sulfate	100%
Chondroitin Sulfate	100%
MSM	100%
Collagen	100%
Other Ingredients: Water, Rice Flour, Guar Gum, Citrus Flavors, Magnesium Stearate.

Our Mission:
Eterna Lighting offers the highest quality lighting and electrical services to the architectural, trade, fabric, and utility industries. You can depend on us to provide you with a product you can trust. We will do all of your needs including being prompt, courteous and complying to all and every standard. Additionally, we guarantee that our products are designed to meet your quality and quantity needs.

Eterna Lighting is a family-owned, and especially value your investment with our company. Therefore, we have our staff to be knowledgeable, experienced, and dedicated to customer service. You may not know that if you have any questions or issues regarding your lighting application, we will be able to inform and guide you through the entire process.

Through innovation, experience, and new and improved technology, we are pleased to offer you a specification sheet that will ensure that you will receive the best quality product for your lighting needs.

Thank you for choosing Eterna Lighting and we will continue to work hard to maintain a leading product line that you can count on each and every day.

Eterna Lighting

24V LED BAR Series

Product Description:
New aluminum, E.O. light bar, the perfect low maintenance super bright led light solution for low profile applications. Used widely in edge lighting, ceiling, wall, and the above display displays. This practical and easy to use light bar can be used in a variety of architectural applications and is a very common fixture.

Specifications:
• Starburst 5730 LED
• 360 lumens per foot
• Available in 5 sizes: 6, 12, 24, 36 and 48"
• Available in 2700K
• Aluminum Profile with utility
• Can be interconnected without additional wiring
• 24v system for longer runs
• Available in 2000K, 3000K, 4000K and 5000K
• Includes mounting clips for easy installation
• Includes mounting clips for easy installation
• Fully dimmable

12V / 24V LED Tape 3528 Series

Product Description:
Connection: Flexible ribbon strip with heavy-duty pad of 3M tape.
Ribbon Length: 5m (16.4FT)
Tape Width: 5mm
Current: 200 (12V) or 180 (24V)
Voltage: 12V/24V
Output: 220 Lumens/ft (7000)
Field Output Length: Every 2"
Output: 220 Lumens/ft (7000)
Max Run: 32.8FT in 24V and 16.4 in 12V

Specifications:
• Low profile LED Tape is ideal for kitchen cabinets, wall, walls, furniture, covers, accent lighting, walls, and ceilings.
• Easy installation with 3M backing.
• Ribbon straight or bent to nearly any custom shape.
• 50,000 hour average lifespan.
• 3528 type
• No need of UV or IR
• Available in 12V and 24V
• Precision voltage by foot
• Fully dimmable with our dimmable transformers
• Field-installable at specified meters with a sensor
• Available in reinforced (RFR)
• CUL Listed
• 100 Dimmable Meter
• Available in several color temperatures

Custom Lighting Services

Allow us to simplify your lighting projects. We offer solutions that factor in all your lighting needs.

Benefits of Custom Lighting
Achieving your ideal lighting may be a challenge if you take on the task alone. Give us the opportunity to facilitate the lighting process by:
• Customizing your lighting
• Maximizing energy
• Reducing installation time

With all these factors of your job, you will be able to focus your energy on other key elements of your project.

What We Can Do For You
Our custom services include:
• Custom installation to meet your needs
• Consulting and preparing LED product
• Ensuring you will have a custom array of color temperatures

If what you need is not listed above, our knowledgeable staff is ready to conform to your individual needs. Contact us for more information.

ETERNA LIGHTING LED Tape Accessories

Specifications:
• Wireless RF remote
• Voltage DC 5-24V
• 3 Channel Controller

WiFi APP BASE RGB CONTROLLER
Specifications:
• Wireless remote and downloadable app
• iOS and Android
• Voltage DC 5-24V
• 3 Channel Controller

ETERNA LIGHTING 120V 3" Mini Collection

Product Description:
A highly integrated profile recessed fixture available in recessed, new construction, or IC rated applications where recessed ceiling or under cabinet lighting is needed. This fixture is 120V/120V based and can use both standard household connections and the CBI interconnecting system. Before in series, it is 3" recessed and adjustable and non-adjustable and can be used with recessed or LED light sources. Available in White and Brushed Nickel.

Specifications:
• Construction - Housing is made of Aluminum and Steel
• Die Cast Case
• Power - 120V - May be used with AC, CFL, Halogen, Compact, and CBI Interconnecting system
• Light Source - Recessable 120V Halogen or LED Bulb
• Low Profile Design
• Recessable or New Construction
• CBI compatible
• Vapor Proof Installation

Grounded Flexible Interconnecting Cables
GLE-900 6' Interconnecting cable
GLE-325 12' Interconnecting cable
GLE-305 24' Interconnecting cable
GLE-305 36' Interconnecting cable
GLE-402 48' Interconnecting cable
GLE-720 72' Interconnecting cable
GLE-PC 72' Grounded power cord
GLE-PCB 90' 72' Grounded power cord

ETERNA LIGHTING 3" Mini Collection Round

Product Description:
Minimum profile adjustable trim

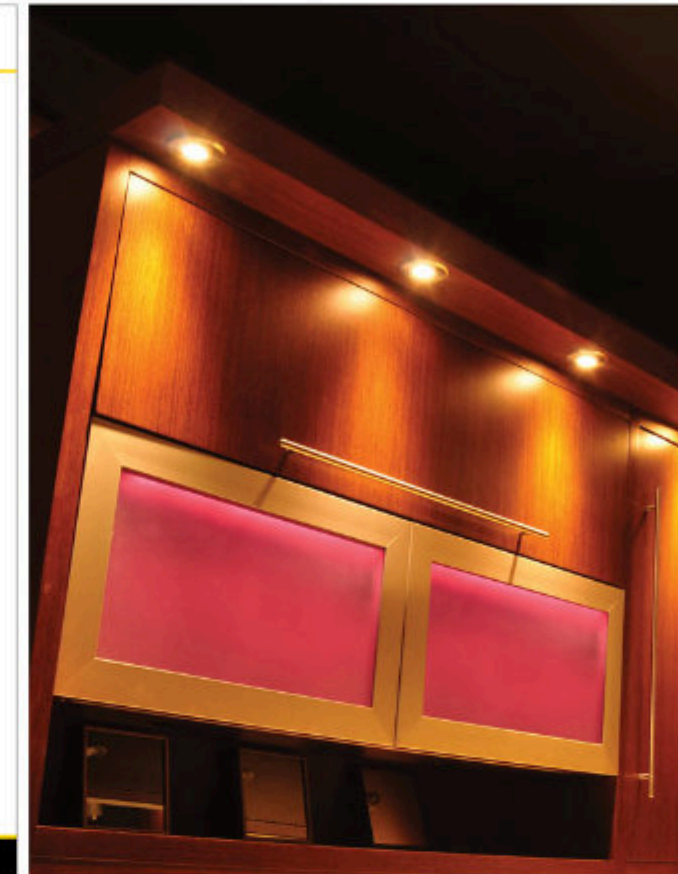

Specifications:
• Die cast aluminum construction
• For use with 2" housing
• Includes one GU-10 or MR-16 Bulb
• Available in White (WH) and Brush Nickel (BN)
• 15° adjustability

Product Description:
Minimum profile dimmable trim

Specifications:
• Die cast aluminum construction
• For use with 2" housing
• Includes one GU-10 or MR-16 Bulb
• Available in White (WH) and Brush Nickel (BN)

Product Description:
Minimum profile dimmable vapor proof and location trim

Specifications:
• Die cast aluminum construction with textured glass
• For use with 2" housing
• Includes one GU-10 or MR-16 Bulb
• Available in White (WH) and Brush Nickel (BN)

ETERNA LIGHTING 120V / 12V SQRH and SHL LED Spring Loaded Series

SQUARE SQRH LED
Specifications:
• Single round recessed light
• Low voltage and energy efficient
• Spring loaded
• Includes 12V LED Bulb with MR-16 or 12V LED Bulb GU-10 base
• 90 degree capability
• Fully dimmable with recessable driver for 120V or ETL driver for 12V
• Available in 2700K, 3000K, 4000K and 5000K color temperature
• Includes MR-DC driver for 12V or GU-10 driver for 120V
• Available in Brushed Chrome, Black, White and Chrome
• Can be used in 2, 3, 4 and 5 light situations

ROUND SHL LED
Specifications:
• Single round recessed light
• Low voltage and energy efficient
• Spring loaded
• Includes 12V LED Bulb with MR-16 or 12V LED Bulb GU-10 base
• 90 degree capability
• Fully dimmable with recessable driver for 120V or ETL driver for 12V
• Available in 2700K, 3000K, 4000K and 5000K color temperature
• Includes MR-DC driver for 12V or GU-10 driver for 120V
• For use with our 12V LED power supply
• Available in Brushed Chrome, Black, White and Chrome
• Can be used in 2, 3, 4 and 5 light situations

ETERNA LIGHTING LED LIGHT BAR

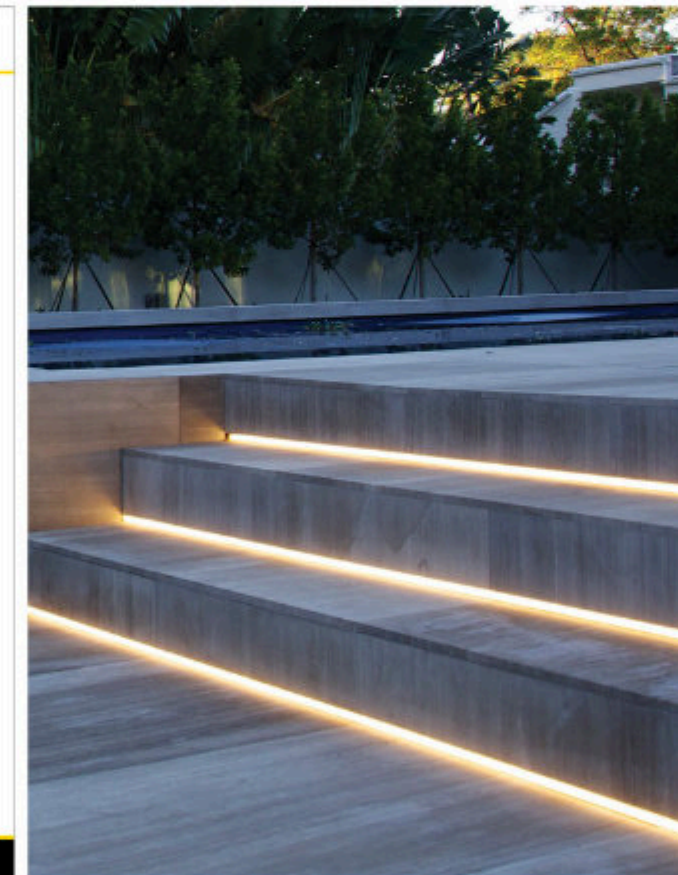

Product Description:

• CUL Listed
• 100 Dimmable Meter
• Available in several color temperatures

ETERNA LIGHTING 12V / 24V LED Tape 5050 RGB Series

Product Description:
24V RGB LED light is often used to dynamically change an environment into a beautiful ambient color. With our RGB LED Tape, you can transform the look with over 16 million color options.

Construction: Flexible ribbon strip with heavy-duty pad of 3M tape.
Ribbon Length: 5m (16.4FT)
Tape Width: 5mm
Current: 200 (12V) or 180 (24V)
Voltage: 12V/24V
Field Output Length: Every 2"
Output: 220 Lumens/ft (7000)
Max Run: 32.8FT in 24V and 16.4 in 12V

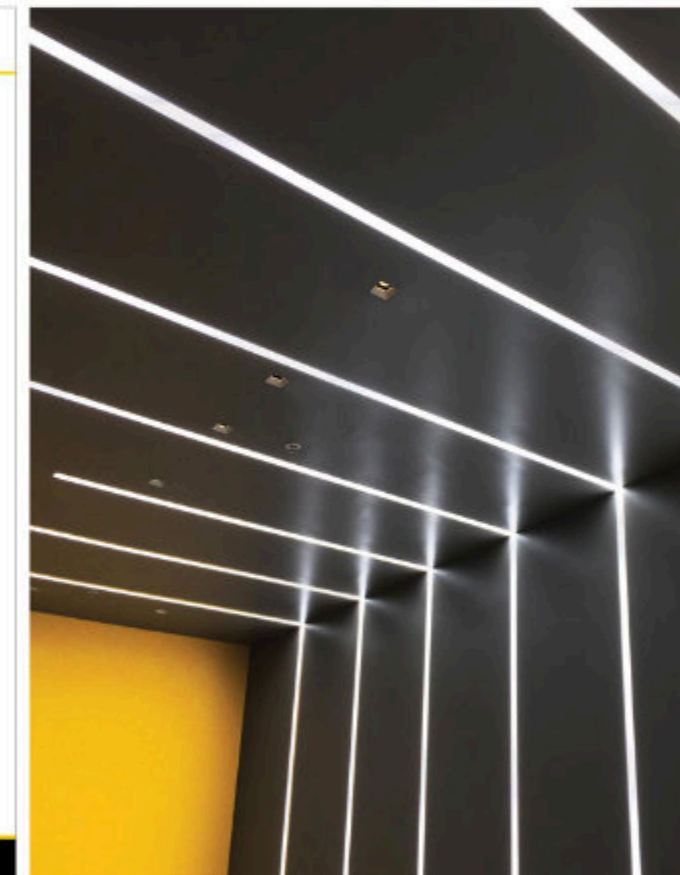

Specifications:
• Low profile RGB LED Tape is ideal for kitchen cabinets, wall, walls, furniture, covers, accent lighting, walls, and ceilings.
• Easy installation with 3M backing
• Ribbon straight or bent to nearly any custom shape
• 50,000 hour average lifespan
• 4.40 per foot
• No harmful UV or IR
• Available in 12V and 24V
• Precision voltage by foot
• Fully dimmable with our dimmable transformers
• Field-installable at specified meters with a sensor
• Available in reinforced (RFR)
• CUL Listed
• 100 Dimmable Meter

ETERNA LIGHTING LED Tape Extrusions

Product Description:
LED Aluminum profiles are the proper way of installing LED tape lighting. LED Aluminum profiles act as a protective housing for LED strips and are instrumental in heat sink to keep the heat cool. Recessed extrusions are also designed to achieve many beautiful lighting design elements such as recessed, wall, ceiling, and floor.

Specifications:
• Low profile RGB LED Tape is ideal for kitchen cabinets, wall, walls, furniture, covers, accent lighting, walls, and ceilings.
• Easy installation with 3M backing
• Ribbon straight or bent to nearly any custom shape
• 50,000 hour average lifespan
• 4.40 per foot
• No harmful UV or IR
• Available in 12V and 24V
• Precision voltage by foot
• Fully dimmable with our dimmable transformers
• Field-installable at specified meters with a sensor
• Available in reinforced (RFR)
• CUL Listed
• 100 Dimmable Meter

RF BASE RGB CONTROLLER
Specifications:
• Wireless RF remote
• Voltage DC 5-24V
• 3 Channel Controller

WiFi APP BASE RGB CONTROLLER
Specifications:
• Wireless remote and downloadable app
• iOS and Android
• Voltage DC 5-24V
• 3 Channel Controller

ETERNA LIGHTING LED Tape Accessories

TOUCH PANEL
Specifications:
• 160x160mm (6.3x6.3")
• 160x160mm (6.3x6.3")
• Max output power 180W / 360W (12V/24V)

TOUCH PANEL
Specifications:
• Die-cast aluminum design with 160x160mm the wall
• Color / Driver / 1 speed push
• Color temperature range & Multi-color remote control
• Multi-color control with 160x160mm, 10 zones 1024 DMX channels
• USB & Ethernet connectivity for programming and RGB20 control

RGB SIGNAL AMP/PWR FOR LONG DISTANCE INSTALLATIONS
Specifications:
• RGB amplifier used to connect multiple long running LEDs and to extend
• 12.4V 10A DC, 12Amp max
• Use with color changing RGB strips, bulbs & modules
• 3 signal input, 1 output, 10000

SUNLITE SURTE 2 RGB CONTROLLER
Specifications:
• DMX 512 Decoder
• Can be controlled with DMX console or stand alone
• Voltage DC 24V
• 4 Channel Controller
• 12V / 180V - 24V / 180V

SUNLITE SURTE 2 RGB CONTROLLER
Specifications:
• DMX 512 Decoder
• Can be controlled with DMX console or stand alone
• Voltage DC 24V
• 4 Channel Controller
• 12V / 180V - 24V / 180V

ETERNA LIGHTING Soraa Bulb Series

SORAA Simply Perfect Light

ALL SORAA LAMP'S FEATURE
Specifications:
• Built on CRI™ technology for best, bright light source
• POINT SOURCE OPTICS for uniform and high intensity beams
• VPS technology for soft and consistent recovery of color and white
• SORAA SHARP SYSTEM compatibility opens up infinite design possibilities
• Enhanced feature compatibility allows operation in damp or outdoor locations
• Rated life of 30,000 hours

FEATURES AND BENEFITS OF SORAA'S G110
Specifications:
• Narrow spot CRI™ of 8000K at 3000K or 7500K at 3000K, not off-axis anywhere
• 100% CRI
• DIMMABLE and tested with a wide range of dimmers
• Available in 120V and 230V configurations
• Standard 60-150 form factor, E26 compatible
• Enhanced feature compatibility allows operation in damp or outdoor locations
